

Inform.

Shelving System

Introduction to Inform.

With the Inform Shelving System, you have one system and endless possibilities. A staggering breadth of design elements gives you the freedom to use Inform in any space you want. This range of functionality is compatible to any use case, space or budget.

Use low Inform storage to define collaborative and reflective spaces without compromising sight-lines. Use high Inform storage to create direction and flow throughout your space.

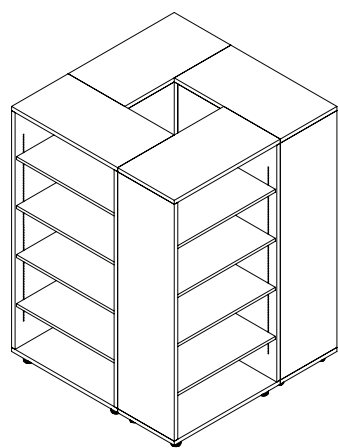

Inform works in almost any educational environment. It's a single solution that helps bring cohesion to your space.

This guide contains multiple products from the Inform shelving range which have been curated into one specification guide for your convenience. Note that each product may be subject to different pricing terms and conditions based on finishes selected.

Understanding Inform.

6	1800-1B	Inform 1800-1B Bookcase	1850 H	► Finishes Page 19

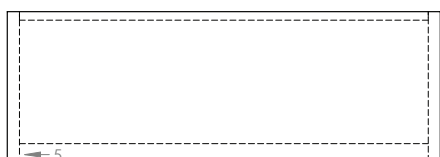

Height Profiles

Single-sided Solutions

Basic Configurations

Inform comes with a 18 mm flat edge adjustable shelf. The distance between the front edge of the end panel and the front edge of the shelf is 5 mm.

Shelves are adjustable in 10 mm increments.

Inform configurations are delivered as standard in 25 mm E0 Laminate board with 18mm height adjustable shelves.

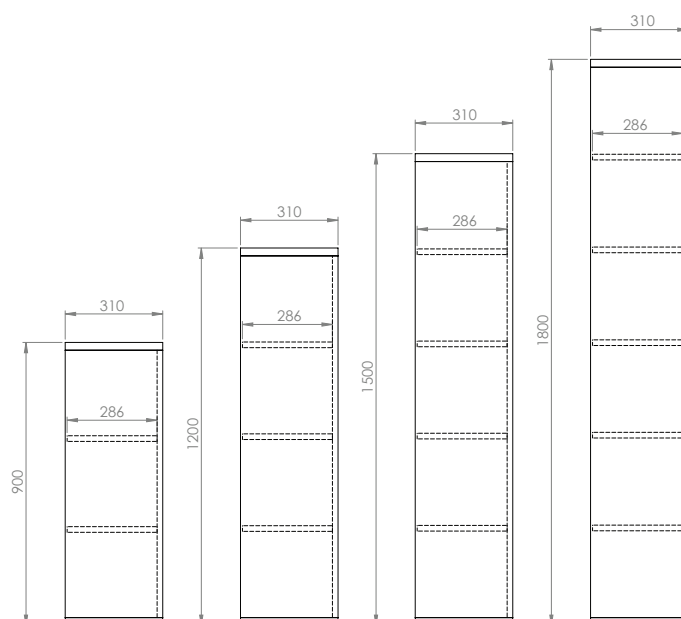

They can also be delivered in raw birch plywood or custom MDF laminate colours upon request. (see Finishes page 20).

Complete shelving system includes outer carcass panels, adjustable shelves, fittings and wall securement for tall height profiles.

This item must be fixed to the wall with the supplied wall fastener.

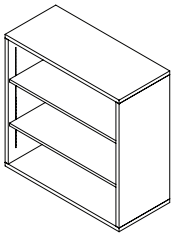

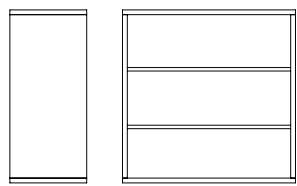

Height Profiles

Inform shelving comes in 4 heights; 900, 1200, 1500 and 1800 mm. Heights exclude adjustable feet and mobile add-ons options. (see Dimensions pages 08-11).
